

**GT-A24**

**Cotton Fancy Yarn Twister**

Small model machine

**Features:**

Controlled by Touch screen +PLC

Cotton loop yarn, TT yarn, slub/knop yarn, 2 color changer fancy yarn

Core yarn roller, controlled by a frequency inverter

3 rollers (cotton draw), controlled by 3 frequency inverters

Output roller/grooved roller, controlled by a frequency inverter

Hollow spindles, controlled by a frequency inverter

Ring spindle, controlled by a frequency inverter

Falling and rising gradually, controlled by a set step motor

### Key Specification

Number of spindle	4 set
Distance of spindle	150mm
Speed of hollow spindle	10000rpm
Speed of ring spindle	6000rpm
Outputting speed	25m/min
Ring diameter	75mm
External dimension	1.3x1.2x2.0m
Rating voltage	3*380V AC
Install capacity	1.6kw
