

GT-D18
Oscillation Dyeing Machine

Application

The whole body is made of high quality stainless steel, specially designed for general laboratory applications such as dyeing test, washing , fastness test. Etc.

Main features

- A. Liquor ratio 1:10or above.
- B. Oscillating range 40mm.
- C. Provide wide-range variable speeds
- D. Control at 50-200 oscillations per minute.

Temperture controller

- A. The type of control time .
- B. The type of program control.
- C. Temperature raising speed 0-3.5°C/min
- D. Control time can be preset.
- E. Cooling by manual.
